

## Battery Hand Tool BPT-L19

### Информация за продукта

The Signode battery hand tools for steel strapping BPT-L19 deliver highspeed operation and unparalleled performance in demanding applications. Complete with an ergonomic design and multiple performance-enhancing features, they improve productivity for a wide range of applications – both stationary and mobile anywhere in the plant.

#### **Maximizes reliability**

No more variation due to fluctuations in the air system – high performance battery and brushless motor technology provides an electronically controlled and reproducible strapping process. Intelligent features include real time indication of the strapping status and visual and acoustic signals.

#### **Simplifies operation**

The tools have an intuitive touchscreen user interface and allow a quick and comfortable adjustment of the strapping parameters depending on the package and even offer selectable manual, semi or fully automatic operation modes and a favourite setting.

#### **Increases efficiency**

Up to 500 cycles per battery charge allow seamless and continuous operation with full mobility throughout the plant, not restricted by the reach of air hoses or air quality.

#### **Mobile and reliable industrial performance**

The BPT tools allow reproducible strapping applications with unlimited mobility and without the tripping hazards and limitations of air systems.

#### **Operation mode**

auto / semi / manual

#### **Battery**

Bosch Li-Ion ProCORE 18V, 4.0 Ah

#### **Charger**

GAL 1840 CV (US: BC 1840) 230V

#### **Charging times**

30 min (80%) – 50 min (100%)

**Tension speed:** 135 mm/s

**Features:** single notch push-type joint

**Маркировка:** CE - маркировка
