

Lifting chain, grade 100

Product information

Short link grade 100 lifting chain. With similar chain size approximately 30% higher workload compared to grade 80 lifting chain..

The chain is also available for operating temperatures -30 - (+)380 °C, ask for more.

Material: Steel

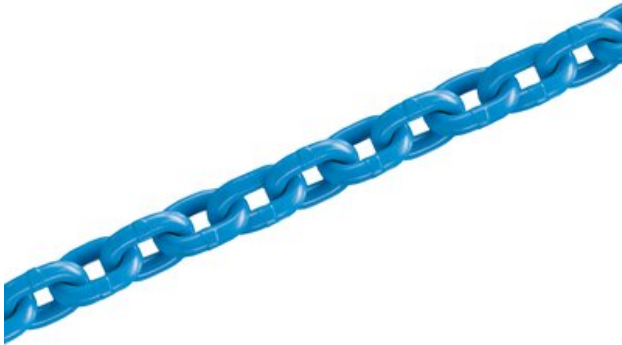

Temperature range: -29 - (+)205°C

Finish: Painted, blue

Warning: Not to be heat-treated

Safety factor: 4:1

Grade: 10

Part code	Chain diameter mm	WLL ton	A,	B,	D,	Weight kg/m	Delivery time days
