Cargo nets for trailers

Product information

Strong cargo net for trailer and flatbed use. An elastic rubber rope goes around the edge of the net, which can be used to fasten the net to the platform. The load net can be used e.g. for transporting garden waste, light construction materials and other goods.
The load net is only intended for covering and protecting the load - not for carrying the load.

- Three sizes
- Mesh size of the net: 45x45 mm
- Rope strength: 3 mm
- UV protected polypropylene rope material
- Elastic rubber rope at the edge
