

Fall Arrester CRW 300

Product information

CRW 300 is a combination of a retractable type fall arrester and a rescue lifting device. The device is fitted with rescue lifting device with lifting and descending functions. In order to install the device on a tripod mount an adequate mounting clamp. (fits to TM-15 tripod, requires CRW300-UB and UTB fastening racks)

Connector has fall indicator and thanks to its design no energy absorber is required.

With the ratio used in the mechanism it is possible to make one turn of drum per 7.4 turns of the lifting device crank.

Material: Aluminium Alloy, Galvanized Steel

Marking: According to standard, CE-marked

Standard: EN 360, EN 1496-B
