Hand pallet truck 10000 kg

Product information

High-quality heavy-duty series pallet truck equipped with bogie wheels. This pallet truck is designed for the transfer and handling of very heavy products.

Despite its larger size, the pallet truck is light to push and manoeuvre, making it an excellent choice for working in a variety of environments. The 180° turning angle allows effortless manoeuvring. Equipped with a steel wheels.

Due to the wider fork, the pallet truck works well with FIN or other wider pallets (note! does not fit under Euro pallets with shorter sides).

Maintenance-free hydraulic unit ensures trouble-free operation and long service life. Auxiliary wheels in front of the track wheels facilitate access under the pallets when going sideways, speeding up work and improving productivity. This pallet truck was created for professionals who value a quality, long-lasting product and ease of use in their daily logistics tasks.
