Electric Power Tool EM5000

Product information

The EM 5000 power tool is very effective alternatives to manual power. Moving heavy loads will go three times faster than manually operating the winch. The EM5000 power tool has an electrical motor 230V - 50 Hz.
The power tools are an alternative to the manual drive on the Holmatro WW winches and are only used for short and non-frequent applications. The combination of a hand winch and these power tools are not an alternative to an electric winch.

- Electric drill motor 230V-50Hz
- Including zinc plated winch adapter, additional handle, drift key and suspension eyelet
