

Power PRO Hoist, Tiger

Product information

The Tiger Power PRO Hoist with load limiter – ETCB is a cordless battery-powered manual hoist designed for controlled lifting applications where portable operation is required. Available in 3 tonne, 6 tonne and 10 tonne capacities, it uses a high-speed helical gearbox and a slipping clutch overload mechanism to support efficient lifting while helping protect against overload conditions. Suitable for workshops, maintenance teams and industrial lifting tasks requiring mobility without external power supplies.

Product benefits:

- Cordless operation improves portability across job sites
- Slipping clutch load limiter helps protect against overload
- High-speed helical gearbox supports efficient lifting performance
- Available in 3t, 6t and 10t capacities for varied lifting requirements
- Compatible with 18V or higher brushless drill drivers
