

Inflator guns for stevedore bags

Product information

Inflator guns have a special made nozzle which inserts open air to the compressed air thus making it significantly faster to fill up the stevedore bags. Due to this the compressor will be less strained. Two model with aluminum and plastic nozzles.

Type Product code

Plastic nozzle MATRG-P6

Aluminum nozzle MATRGP6ALU

Spare part, aluminum MATRGnozzle P603ALU

Spare part, plastic nozzle MATRG-P603
